

Crownstone-Homey Integration

Mart-Jan Koedam

September 2020

1 Crownstone cloud

7-9-2020 - I created a JavaScript-file where I would test all the functions for the Crownstone-Homey Integration. With help of the Cloudlib Library I was able to connect to the cloud services and get userdata from the cloud. I was also able to get data of the existing Crownstones in my home and after some testing I was able to turn them on and off from my own computer.
